

# E-DYS-LEARN

Improving Teaching Competency of Pre-Service Primary School  
Teachers on Learning Disabilities

01-11-2020 - 30-04-2023

- **Teachers**
- **Teacher trainers**

## The consortium

## AIMS

- support pre-service teachers about what learning disabilities are and what kind of learning environment they should provide for the students with learning disabilities
- improve pre-service teachers' knowledge and skills as well as awareness about learning disabilities
- inform pre-service teachers about the learning environments they could provide for students with learning disabilities and to show how to use technology in these environments
- support pre-service teachers' experience with the technological tools that they need during the design and development of the learning environments

Erasmus+

This project has been funded with support from the European Commission. This communication reflects the views only of the authors and the Commission cannot be held responsible for any use which may be made of the information contained therein.

# IO1 - LECTURER HANDBOOK ON LEARNING DISABILITIES AND DIGITAL COMPETENCIES

The handbook is available in English!

## IO2 - E-LEARNING COURSE FOR PRE-SERVICE PRIMARY SCHOOL TEACHERS

Within the scope of the intellectual output, an e-learning platform where the pre-service teachers can be given pedagogical knowledge about learning disabilities, new technologies and how they can use these technologies in the educational environment will be developed. The platform has been designed in a responsive way so that it can be viewed on both mobile devices and computers, according to the preferences of in-service teachers.

# THIRD TRANSNATIONAL PROJECT MEETING IN ŁÓDŹ, POLAND

On 17-18 February in Łódź took place the 3rd partnership meeting of the E-DYS-LEARN project in hybrid formula. During the meeting the partners discussed the current progress in the implementation of the tasks in the project, i.e. the design of the e-learning platform and the content that will be on it, the upcoming training in Turkey for teachers of pedagogy and issues related to financing and dissemination of the project.

**Spółeczna Akademia Nauk** is a private university with a nationwide range. It offers first and second degree studies, doctoral seminars, postgraduate and MBA studies, in total 18 faculties. The offer is complemented by numerous courses and workshops as well as a wide range of student internships. SAN has gained its high position on the market thanks to the dynamics of development and the scientific and didactic level of its academic staff, who come from well-known universities, both in Poland and abroad. The University also cooperates with many practitioners who conduct workshops and laboratories preparing students for practical tasks in their future careers.

## NEXT STEPS

- Implementation and translation of e-learning platform
- The pilot activities and teacher training to be held in Turkey in November 2022.
- Multiplier Events in partner countries.
